

Project Name: Coverage Expansion

Location:

Nanyuki town

Description :

It is our dream to make the entire Nanyuki town a hot spot at the same time brand it. We also intend to offer a free hotspot. To achieve this we need at least 20 hotspots each covering a radius of 100 meters. We intend to brand each hotspot to create awareness.

By installing 20 hotspots, this model will be replicated in other major and small towns within the four counties of our operation thus giving us more numbers.

Project Promoter:

Mawingu Networks Limited

Project Objectives:

1. Install 20 access points in Nanyuki town
2. Additional customers achieved.
3. Approximately 50 new customers per access point i.e. additional 1,000 customers
4. To highlight the of World Wi-Fi Day initiative

Finance:

Looking for funding to support the purchase of 20 new access point (around USD 168,000)

Mawingu will support the labour costs to install the hot spots and the maintenance and support (around USD 5,000)
