

Free Wi-Fi in the Toronto Subway

TCONNECT Wi-Fi is a high performance Wi-Fi network being deployed throughout Toronto TTC stations. Launched in December 2013, with a mission to meet the growing needs of Toronto transit riders, TCONNECT's high capacity network accommodates hundreds of thousands of users daily as they make their way through Toronto's transit stations.

TCONNECT is an advertiser sponsored Wi-Fi network that is FREE to TTC subway riders and allows access to the internet at 73 station platforms. For more information, please visit us at www.tconnect.ca
